Assignment: Homework 0

This homework is to better prepare you for the course and will not be graded.

Tasks

1. Download a bibliography management software (e.g., Endnote, Mendeley) and start using it when you read papers. Endnote can be obtained for free from our university http://www.library.rochester.edu/help/it/endnote. Mendeley is free at http://www.mendeley.com/.
2. Join the ISMIR community mailing list at http://www.ismir.net/.
3. Join the Auditory mailing list at http://www.auditory.org/.
4. Review your knowledge about Matlab. There are lots of resources online such as those on this page: http://www.mathworks.com/academia/student_center/tutorials/launchpad.html.
